

Part-time Mechanical Equipment Operator

Part-time Mechanical Equipment Operator (HVAC/Maintenance experience helpful) needed 2 –3 days per week (weekends and evenings) plus fill-in as needed. Candidate must have flexible schedule and be available for call in when needed. This would be a perfect position for a retired or semi-retired person. Duties include maintaining temperatures in the facility, overseeing the operation of mechanical equipment and computer operated control system during the shift, building access for customers, building maintenance, equipment repairs as needed, any additional responsibilities as directed by management. Apply in person at the Decatur Civic Center Office.
